**ANNUAL REPORT OF THE BOARD OF DIRECTORS OF THE**

**Company named**

**“INTRACOM S.A. DEFENSE ELECTRONIC SYSTEMS”,**

**TRADING NAME: “INTRACOM DEFENSE ELECTRONICS”,**

**Concerning the Financial Statements**

**For the fiscal year from January 1<sup>st</sup> to December 31<sup>st</sup> 2008**

To: the Annual General Meeting of Shareholders

We submit for approval the financial statements of the Company's financial year from January 1 to December 31, 2008.

The financial statements for the fiscal year, as the previous ones, have been prepared in accordance with International Accounting Standards, as adopted by the European Union.

This Annual Report of the Board of Directors was prepared in accordance with the provisions of Article 43a paragraph 3 of CL 2190/1920 and related resolutions of the Board of Directors.

**1. Main Object of activity**

The main object of activity of the Company concerns:

the Defense Electronics Manufacturing production systems, trade, design, development, manufacture, installation of defense electronic systems and related services.

**2. Main events of fiscal year 2008**

During the year 2008 the company undertook new projects with a total budget of € 45 million, the more significant concerns the following:

- With the company RAYTHEON, worth \$ 2.6 million. The contract includes the construction and development of software for the Navy missile system PHALANX and development of the necessary infrastructure for monitoring the electronic units of the system.
- With the company THALES, worth € 2,6 million The contract covers the development, certification, manufacture and production of a System Remote Control VHF / HF (RCS 610) for the range of wireless PR4G VHF and HF of THALES.
- With the company RAYTHEON, a contract worth 9.6 million USD for the production of electronic units for anti-missile system surface-to-air RAM (Rolling Airframe Missile).
- With the Greek Ministry of National Defence, contract worth € 8,5 million for the supply of VHF radio and regional necessary equipment.
- With GENERAL DYNAMICS UK, a contract worth € 6,7 million for the procurement of systems and intercom WISPR secure wireless local area networks WISPR-WLAN
- Agreement with the company NORTHROP GRUMMAN for the production of electrical assemblies for the RADAR of the F-16 for the international market. Orders in the year 2008 have already exceeded \$ 6.5 million.

**3. Financial results – Activity review**

The company turnover, amounted to € 65.303 thousand Earnings before interest, tax, depreciation and amortization of the Company (EBITDA), amounted to € 5.210 thousand Earnings before taxes amounted to € 3.406 thousand while net income totaled € 3.048 thousand. The net return on equity was 3.61% while the return on total capital (equity and foreign) 2.63%.

Concerning the analysis of assets, liabilities, equity, results for the year 2008 and the accounting principles applied by the Company, extensive analysis has been done in Notes to the Financial Statements which are an integral part of the Annual Financial statements of the Company.

Key financial ratios depicting the Group's and Company's financial condition in a static format are as follows:

**a. Financial Structure Ratios**

	<b>2008</b>	<b>2007</b>
Current Assets/Total Assets	53%	58,00%
Total Equity/Total Liabilities	267%	177,00%
Total Equity/Fixed Assets	154%	152,00%
Current Assets/Short-term Liabilities:	204%	168,00%

**b. Profitability Ratios**

	<b>2008</b>	<b>2007</b>
Net Profit / Sales	5%	3%
Gross Profit / Sales	31%	26%
Sales / Total Equity	77%	95%

Finally, the existence and management of financial risk factors are as follows:

**-Foreign Exchange Risks**

The Company intends to maintain a minimum amount of cash in foreign currency, to meet short-term liabilities in that currency. In case of exceeding the holding amount, for the excess amount of currency, the company has the ability to use hedging mechanisms of exchange rate risk through appropriate bank products or using equivalent loans in foreign currency.

**-Cash flow and fair value interest rate risk**

The company is in minimal exposure to interest rate risk, due to the small borrowings (€ 2m) and the short-term horizon of the cash deposits.

**-Credit risk**

Due to the nature of the company's activities, credit risk concerning customers receivables is limited (Special certified clients or Public Organizations).

**-Liquidity risk**

The Company holds sufficient liquidity in cash and cash equivalents and has the ability to use available

undrawn borrowing facilities.

#### **4. Goals – Perspectives**

In the year 2008, Intracom Defense Electronics, despite the economic downturn, which was especially evident in the defense industry, succeeded in maintaining profitability. The industry, both domestically and internationally, has received impacts resulting from the change in economic policy priorities dictated by budgetary reasons and is associated with the destination and distribution of economic resources. The result was the decline of sales of the defense sector and the company. However, adaptability and flexibility of Intracom Defense Electronics, which was prepared and grown consistently in recent years led to the retention of most economic figures and indicators to be positive as opposed to the reduced turnover. Taking advantage of its flexibility, the company sets a view to continued profitability while giving special emphasis on export orientation promoting the empowerment of penetration in third countries markets and strengthen its competitive position.

In parallel, the company continues to invest in research, development and evolution of targeted military telecommunications products and is undertaking effort to promote them in international markets.

The backlog of the company's contracts on 31.12.2008 amounted to € 107 million.

#### **5. Significant losses which at the time of submission of present report either exist or are expected to arise**

-There are none.

#### **6. Other significant events**

From the end of fiscal year 01/01/2008 – 31/12/2008, up to the date of the submission of this report, no other event has been occurred which could materially affect on the financial position and progress of the company. There is an ongoing regular tax audit for the year 2007.

As of the income distribution for fiscal year 2008, the Board of Directors proposes to be kept from the net profit (a) the amount of € 155.000,00 for the completion of the statutory capital reserve, (b) the amount of € 347.396,47 for the formation of tax free reserve of the Law 3299/04, and (c) to allocate the amount of € 1.500.000,00 for dividends.

The Board of Directors considers what was set out as a report on the activities during the year 01/01/2008 through 31/12/2008 and expects the General Meeting of Shareholders will approve the treatment of the company's interests in considered fiscal year and the balance sheet of 31/12/2009 with the analysis of the Income Statement, Statement of Cash Flows, the Statement of Changes in Equity and the Distribution of Earnings.

It also hopes that the General Meeting of Shareholders with a particular decision will relieve the Board of Directors and the Auditors from any liability for the year ended January 1, 2008 until December 31, 2008.

In order the company's shareholders to be adequately informed, it is mentioned that the Company has not acquired own shares.

**INDEPENDENT AUDITOR'S REPORT***To the Shareholders of***“INTRACOM S.A. DEFENSE ELECTRONIC SYSTEMS”****Report on the Financial Statements**

We have audited the accompanying financial statements of “INTRACOM S.A. DEFENSE ELECTRONIC SYSTEMS”, which comprise the balance sheet as at 31 December 2008, and the income statement, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

*Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, as adopted by the European Union (EU). This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

*Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Greek Auditing Standards, which are based on the International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of 31 December 2008, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union (EU).

**Report on Other Legal Requirements**

We verified the consistency and the correspondence of the content of the Report of the Board of Directors with the accompanying financial statements, under the legal frame of the articles 43a and 37 of c.L. 2190/1920.

**Notes to the financial statements in accordance with International Financial Reporting Standards****1. General Information**

Intracom SA Defense Electronics Systems (“Intracom Defense”, “the Company”) was founded in Greece and operates mainly in the design, development and manufacturing of defense electronic products, systems and applications and the provision of technical support services and maintenance.

The company operates in Greece and in foreign countries.

The Company’s registered office is at 21 km Markopoulou Ave., Peania Attikis, Greece.

The Company is 100% subsidiary of Intracom Holdings SA (“Intracom Holdings”, “Intracom Holdings Group”). The annual consolidated financial statements of Intracom Holdings SA for the year ended 31 December 2008 have been published on its website at [www.intracom.com](http://www.intracom.com).

These financial statements have been approved for issue by the Board of Directors on April 29th and are subject to approval by the Annual General Meeting of the Shareholders.

**2. Summary of significant accounting policies****Basis of preparation**

These financial statements consist of the financial statements of Intracom Defense for the year ended 31 December 2008, in accordance with International Financial Reporting Standards (“IFRS”), as adopted by the European Union (EU).

These financial statements have been prepared under the historical cost convention.

The preparation of financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the Company’s accounting policies. Moreover, the use of estimates and assumptions is required that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of preparation of financial statements and the reported income and expense amounts during the reporting period. Although these estimates are based on the best possible knowledge of management with respect to the current conditions and activities, the actual results can eventually differ from these estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 4.

**New standards, interpretations and amendments**

Certain new standards, amendments to standards and interpretations have been issued that are mandatory for periods beginning during the current reporting period and subsequent reporting periods. The Group’s evaluation of the effect of these new standards, amendments to standards and interpretations is as follows:

**(a) Standards/ interpretations effective in 2008**

**IAS 39 (Amendment) “Financial Instruments: Recognition and Measurement” and IFRS 7 (Amendment) “Financial instruments: Disclosures” – Reclassification of Financial Assets**

This amendment permits an entity to reclassify non-derivative financial assets (other than those designated at fair value through profit or loss by the entity upon initial recognition) out of the fair value through profit or loss category in particular circumstances. The amendment also permits an entity to transfer from the available-for-sale category to the loans and receivables category a financial asset that would have met the definition of loans and receivables (if the financial asset had not been designated as available for sale), if the entity has the intention and ability to hold that financial asset for the foreseeable future. This amendment did not have any impact on the Company's financial statements.

**IFRIC 11 – IFRS 2 “Group and Treasury share transactions”**

This interpretation clarifies the treatment where employees of a subsidiary receive the shares of a parent. It also clarifies whether certain types of transactions are accounted for as equity-settled or cash-settled transactions.

This interpretation does not have any impact on the Company's financial statements.

**IFRIC 12 “Service Concession Arrangements”**

IFRIC 12 outlines an approach to account for contractual (service concession) arrangements arising from entities providing public services. It provides that the operator should not account for the infrastructure as property, plant and equipment, but recognise a financial asset and/or an intangible asset. This amendment did not have any impact on the Company's financial statements.

**IFRIC 14 “The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction”** (effective for annual periods beginning on or after 1 January 2008)

IFRIC 14 provides guidance on how to assess the limit on the amount of surplus in a defined benefit scheme that can be recognised as an asset under IAS 19 Employee Benefits. It also explains how this limit, also referred to as the “asset ceiling test”, may be influenced by a minimum funding requirement and aims to standardize current practice. The Company does not operate any funded plans and therefore this interpretation is not applicable to the Company's operations.

**(b) Standards/ interpretations that are not yet effective and have not been early adopted by the Group****IAS 1 (Revised) “Presentation of Financial Statements”** (effective for annual periods beginning on or after 1 January 2009)

IAS 1 has been revised to enhance the usefulness of information presented in the financial statements. The key changes are: the requirement that the statement of changes in equity include only transactions with shareholders, the introduction of a new statement of comprehensive income that combines all items of income and expense recognised in profit or loss together with “other comprehensive income”, and the requirement to present restatements of financial statements or retrospective application of a new accounting policy as at the beginning of the earliest comparative period. The Company will apply these amendments and make the necessary changes to the presentation of its financial statements for the year 2009.

**IAS 23 (Amendment) “Borrowing costs”** (effective for annual periods beginning on or after 1 January 2009)

The benchmark treatment in the existing standard of expensing all borrowing costs to the income statement is eliminated in the case of qualifying assets. All borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset must be capitalised. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale. In accordance with the transitional

requirements of the Standard, the Company will adopt this as a prospective change. Accordingly, borrowing costs will be capitalised on qualifying assets with a commencement date after the effective date. No changes will be made for borrowing costs incurred to this date that have been expensed.

**IAS 32 (Amendment) “Financial Instruments: Presentation” and IAS 1 (Amendment) “Presentation of Financial Statements” – Puttable Financial Instruments** (effective for annual periods beginning on or after 1 January 2009)

The Company does not expect these amendments to impact its financial statements, as it does not have puttable financial instruments.

**IAS 39 (Amended) “Financial Instruments: Recognition and Measurement” – Eligible Hedged Items** (effective for annual periods beginning on or after 1 July 2009)

This amendment is not applicable to the Company as it does not apply hedge accounting in terms of IAS 39.

**IFRS 1 (Amendment) “First time adoption of IFRS” and IAS 27 (Amendment) “Consolidated and separate financial statements”** (effective for annual periods beginning on or after 1 January 2009)

As the Company has already transitioned to IFRS, the amendment will not have any impact on the Company’s financial statements.

**IFRS 2 (Amendment) “Share Based Payment” – Vesting Conditions and Cancellations** (effective for annual periods beginning on or after 1 January 2009)

The Company expects that this Interpretation will have no impact on its financial statements.

**IFRS 3 (Revised) “Business Combinations” and IAS 27 (Amended) “Consolidated and Separate Financial Statements”** (effective for annual periods beginning on or after 1 July 2009)

A revised version of IFRS 3 Business Combinations and an amended version of IAS 27 Consolidated and Separate Financial Statements were issued by IASB on January 10, 2008. IFRS 3R introduces a number of changes in the accounting for business combinations which will impact the amount of goodwill recognized, the reported results in the period that an acquisition occurs, and future reported results. Such changes include the expensing of acquisition-related costs and recognizing subsequent changes in fair value of contingent consideration in the profit or loss (rather than by adjusting goodwill). IAS 27R requires that a change in ownership interest of a subsidiary is accounted for as an equity transaction. Therefore such a change will have no impact on goodwill, nor will it give rise to a gain or loss. Furthermore the amended standard changes the accounting for losses incurred by the subsidiary as well as the loss of control of a subsidiary. The changes introduced by IFRS 3 and IAS 27 will be applied prospectively and will affect future acquisitions and transactions with minority interests.

**IFRS 8 “Operating Segments”** (effective for annual periods beginning on or after 1 January 2009)

This standard is not relevant to the Company.

**IFRIC 13 “Customer Loyalty Programmes”** (effective for annual periods beginning on or after 1 July 2008)

The Company expects that this Interpretation will have no impact on its financial statements as no such schemes currently exist.

**IFRIC 15 “Agreements for the construction of real estate”** (effective for annual periods beginning on or after 1 January 2009)

This interpretation addresses the diversity in accounting for real estate sales. Some entities recognise revenue in accordance with IAS 18 (i.e. when the risks and rewards in the real estate are transferred) and others recognise revenue as the real estate is developed in accordance with IAS 11. The interpretation clarifies which standard should be applied to particular. The Company does not anticipate any impact of this interpretation on its financial statements.

**IFRIC 16 “Hedges of a net investment in a foreign operation”** (effective for annual periods beginning on or after 1 October 2008)

This interpretation is not relevant to the Company.

**Amendments to standards that form part of the IASB’s annual improvements project**

The amendments set out below describe the key changes to IFRSs following the publication in May 2008 of the results of the IASB’s annual improvements project. Unless otherwise stated the following amendments are effective for annual periods beginning on or after 1 January 2009.

**IAS 1 (Amendment) “Presentation of financial statements”**

The amendment clarifies that some rather than all financial assets and liabilities classified as held for trading in accordance with IAS 39 “Financial instruments: Recognition and measurement” are examples of current assets and liabilities respectively. The Company will apply this amendment from 1 January 2009 but it is not expected to have an impact on the Company’s financial statements.

**IAS 16 (Amendment) “Property, plant and equipment” (and consequential amendment to IAS 7 “Statement of cash flows”)**

This amendment requires that entities whose ordinary activities comprise renting and subsequently selling assets present proceeds from the sale of those assets as revenue and should transfer the carrying amount of the asset to inventories when the asset becomes held for sale. A consequential amendment to IAS 7 states that cash flows arising from purchase, rental and sale of those assets are classified as cash flows from operating activities. The amendment will not have an impact on the Company’s operations because none of the companies in the Company have ordinary activities that comprise renting and subsequently selling assets.

**IAS 19 (Amendment) “Employee benefits”**

The changes to this standard are as follows:

- A plan amendment that results in a change in the extent to which benefit promises are affected by future salary increases is a curtailment, while an amendment that changes benefits attributable to past service gives rise to a negative past service cost if it results in a reduction in the present value of the defined benefit obligation.
- The definition of return on plan assets has been amended to state that plan administration costs are deducted in the calculation of return on plan assets only to the extent that such costs have been excluded from measurement of the defined benefit obligation.
- The distinction between short term and long term employee benefits will be based on whether benefits are due to be settled within or after 12 months of employee service being rendered.
- IAS 37, 'Provisions, contingent liabilities and contingent assets', requires contingent liabilities to be disclosed, not recognised. IAS 19 has been amended to be consistent.

The Company will apply these amendments from 1 January 2009. It is not expected that these amendments will have an impact on the Company financial statements.

**IAS 20 (Amendment) “Accounting for government grants and disclosure of government assistance”**

The amendment requires that the benefit of a below-market rate government loan is measured as the difference between the carrying amount in accordance with IAS 39 “Financial instruments: Recognition and measurement” and the proceeds received with the benefit accounted for in accordance with IAS 20. The amendment will not have an impact on the Company’s operations.

**IAS 27 (Amendment) “Consolidated and separate financial statements”**

This amendment is not relevant to the Company.

**IAS 28 (Amendment) “Investments in associates” (and consequential amendments to IAS 32 “Financial Instruments: Presentation” and IFRS 7 “Financial instruments: Disclosures”)**

This amendment is not relevant to the Company.

**IAS 28 (Amendment) “Investments in associates” (and consequential amendments to IAS 32 “Financial Instruments: Presentation” and IFRS 7 “Financial instruments: Disclosures”)**

This amendment is not relevant to the Company.

**IAS 29 (Amendment) “Financial reporting in hyperinflationary economies”**

This amendment is not relevant to the Company.

**IAS 31 (Amendment) “Interests in joint ventures” and consequential amendments to IAS 32 “Financial Instruments: Presentation” and IFRS 7 “Financial instruments: Disclosures”)**

This amendment is not relevant to the Company.

**IAS 36 (Amendment) “Impairment of assets”**

This amendment requires that where fair value less costs to sell is calculated on the basis of discounted cash flows, disclosures equivalent to those for value-in-use calculation should be made. The Company will apply this amendment and provide the required disclosure where applicable for impairment tests from 1 January 2009.

**IAS 38 (Amendment) “Intangible assets”**

This amendment states that a payment can only be recognised as a prepayment if that payment has been made in advance of obtaining right of access to goods or receipt of services. This amendment effectively means that once the Company has access to the goods or has received the services then the payment has to be expensed. The Company will apply this amendment from 1 January 2009.

**IAS 38 (Amendment) “Intangible assets”**

This amendment deletes the wording that states that there is “rarely, if ever” support for use of a method that results in a lower rate of amortisation than the straight line method. The amendment will not currently have an impact on the Company’s operations as all intangible assets are amortised using the straight line method.

#### **IAS 39 (Amendment) “Financial instruments: Recognition and measurement”**

The changes to this standard are as follows:

- It is possible for there to be movements into and out of the fair value through profit or loss category where a derivative commences or ceases to qualify as a hedging instrument in cash flow or net investment hedge.
- The definition of financial asset or financial liability at fair value through profit or loss as it relates to items that are held for trading is amended. This clarifies that a financial asset or liability that is part of a portfolio of financial instruments managed together with evidence of an actual recent pattern of short-term profit-taking is included in such a portfolio on initial recognition.
- The current guidance on designating and documenting hedges states that a hedging instrument needs to involve a party external to the reporting entity and cites a segment as an example of a reporting entity. This means that in order for hedge accounting to be applied at segment level, the requirements for hedge accounting are currently required to be met by the applicable segment. The amendment removes this requirement so that IAS 39 is consistent with IFRS 8, ‘Operating segments’ which requires disclosure for segments to be based on information reported to the chief operating decision maker.
- When re-measuring the carrying amount of a debt instrument on cessation of fair value hedge accounting, the amendment clarifies that a revised effective interest rate (calculated at the date fair value hedge accounting ceases) is used.

The Company will apply the IAS 39 (Amendment) from 1 January 2009. It is not expected to have an impact on the Company’s financial statements.

#### **IAS 40 (Amendment) “Investment property” (and consequential amendments to IAS 16 “Property, plant and equipment”)**

The amendment states that property that is under construction or development for future use as investment property is within the scope of IAS 40. Where the fair value model is applied, such property is, therefore, measured at fair value. However, where fair value of investment property under construction is not reliably measurable, the property is measured at cost until the earlier of the date construction is completed and the date at which fair value becomes reliably measurable. The Company is in the process of assessing the impact of this amendment on its financial statements.

#### **IAS 41 (Amendment) “Agriculture”**

This amendment is not relevant to the Company.

**IFRS 5 (Amendment) “Non-current assets held for sale and discontinued operations” (and consequential amendment to IFRS 1 “First-time adoption”)** (effective for annual periods beginning on or after 1 July 2009)

This amendment is not relevant to the Company.

**Segment Information**

As business segment is considered a distinguishable part of a company, that it is engaged in providing individualised products or services or a group of related products or services.

As geographical segment is considered a distinguishable part of a company, that it is engaged in providing products or services in a special economic environment.

The company operates in defense electronic system segment. The geographical areas that company operates are Greece, European Union, rest of Europe and rest of the world.

**Foreign currency translation****(a) Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). These financial statements are presented in Euros, which is the Company's functional and presentation currency.

**(b) Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

Translation differences on non-monetary items, such as equities held at fair value through profit or loss, are reported as part of the fair value gain or loss. Translation differences on non-monetary items, such as equities classified as available-for-sale financial assets, are included in the fair value reserve in equity.

**Investment property**

Investment property, principally comprising land and buildings, is held by the Company for long-term rental yields. Investment property is measured at cost less depreciation. Land is not depreciated. Buildings are depreciated using the straight line method to allocate cost over their useful lives, estimated at 33-34 years.

When the carrying amounts of the investment property exceed their recoverable amounts, the difference (impairment) is charged directly in the income statement.

**Property, plant and equipment**

All property, plant and equipment ("PPE") is shown at cost less subsequent depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company higher than the initially expected according to the initial return of the financial asset and under the assumption that the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

Land is not depreciated. Depreciation on PPE is calculated using the straight-line method to allocate the cost of each asset to its residual value over its estimated useful life, in order to write down the cost in its residual value. The expected useful life of property, plant and equipment is as follows:

- Buildings	33 - 34	Years
- Machinery, installations and equipment	10	Years
- Motor vehicles	5 - 7	Years
- Other equipment	5 - 10	Years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

When the carrying amount of the asset is higher than its recoverable amount, the resulting difference (impairment loss) is recognized immediately as an expense in the income statement.

In case of sale of property, plant and equipment, the difference between the sale proceeds and the carrying amount is recognized as profit or loss in the income statement.

Finance costs are recognised in the income statement in the period in which they arise.

## Leases

### (a) Finance leases

Leases of property, plant and equipment where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the lower of the fair value of the leased property, plant and equipment and the present value of the minimum lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding rental obligations, net of finance charges, are included in other long-term payables. The interest element of the finance cost is charged to the income statement over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. If there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the property, plant and equipment acquired under finance leases is depreciated over the shorter of the useful life of the asset or the lease term.

### (b) Operating leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight-line basis over the period of the lease.

## Intangible assets

### Computer software

Software licenses are stated at historical cost less subsequent amortisation. Amortisation is calculated using the straight-line method over the useful economic lives, not exceeding a period of 3-5 years.

## Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation and are tested for impairment annually and whenever events indicate that the carrying amount may not be recoverable. Assets that are subject to amortisation are reviewed for impairment at each balance sheet date and are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). An impairment loss is recognised, as an expense immediately, for the amount by which the asset's carrying amount exceeds its recoverable amount.

## Financial assets

The Company classifies its investments in the following categories. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this designation at every reporting date.

### (a) Financial assets at fair value through profit or loss

This category refers to financial assets acquired principally for the purpose of selling in the short term or if so designated by Management. Derivatives are also categorised as held for trading unless they are designated as hedges. If these assets are either held for trading or are expected to be realised within 12 months of the balance sheet date these assets are classified as current assets. During the year, the Company did not hold any investments in this category.

### (b) Loans and receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the balance sheet date, which are classified as non-current assets.

### (c) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Company's management has the positive intention and ability to hold to maturity. During the year, the Company did not hold any investments in this category.

### (d) Available-for-sale financial assets

These are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date. During the year, the Company did not hold any investments in this category.

Purchases and sales of investments are recognised on trade date, which is the date on which the Company commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Investments are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Unrealised gains and losses arising from changes in the fair value of investments classified

as available-for-sale are recognised in equity. When investments classified as available-for-sale are sold or impaired, the accumulated fair value adjustments are included in the income statement as gains and losses from investment securities.

Loans and receivables and held-to-maturity investments are subsequently carried at amortised cost using the effective interest method.

Realised and unrealised gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are included in the income statement in the period in which they arise.

The fair values of quoted investments are based on year-end bid prices. If the market for a financial asset is not active (and for unlisted securities), the Company establishes fair value by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models refined to reflect the issuer's specific circumstances.

The Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity investments classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is considered in determining whether the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or is removed from equity and recognised in the income statement. Impairment losses recognised in the income statement on equity instruments are not reversed through the income statement.

## **Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of finished and semi-finished goods, by-products and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

Write-downs to net realisable value and inventory losses are expensed in the period in which the write-downs or losses occur.

## **Trade receivables**

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised in the income statement.

## **Cash and cash equivalents**

Cash and cash equivalents includes cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

## **Share capital**

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares are shown after the reduction of the relative income tax in reduction to the product of issue. Incremental costs directly attributable to the issue of new shares for the acquisition of other entities are included in the cost of acquisition of the new company.

## **Borrowings**

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement over the period of the borrowings using the effective interest method.

## **Borrowing costs**

All borrowing costs are recognized in the income statement as incurred.

## **Deferred income tax**

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. The deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction, other than a business combination, that at the time of the transaction affects neither accounting nor taxable profit or loss.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date.

## **Employee benefits**

### **(a) Pension obligations**

The Company contributes to both defined benefit and defined contribution plans.

The regular contributions for defined contribution plans constitute net periodic costs for the year in which they are due and as such are included in staff costs.

The liability in respect of defined benefit pension or retirement plans is the present value of the defined benefit obligation at the balance sheet date minus the fair value of plan assets (where funded) together with adjustments for actuarial gains/ losses and past service cost. Independent actuaries using the projected unit credit method calculate the defined benefit obligation annually.

Cumulative actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions in excess of the greater of 10% of the value of plan assets or 10% of the defined benefit obligation are spread to income over the employees' expected average remaining working lives. Past-service costs are recognised immediately in income, unless the changes to the pension plan are conditional on the employees remaining in service for a specified period of time (the vesting period). In this case, the past-service costs are amortised on a straight-line basis over the vesting period.

**(b) Termination benefits**

Termination benefits are payable when employment is terminated before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits when it is demonstrably committed to either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy. Benefits falling due more than 12 months after balance sheet date are discounted to present value.

Where there is uncertainty about the number of employees who will accept an offer of termination benefits, the Company discloses information about the contingent liability.

**Provisions**

Provisions are recognized when:

- i. There is present legal or constructive obligation as a result of past events
- ii. It is probable that an outflow of resources will be required to settle the obligation
- iii. The amount can be reliably estimated.

**(a) Warranties**

The Company recognizes a provision that represents the present value of the estimated liability for the repair or replacement of guaranteed products or concerning the delivery of projects / rendering of services at the balance sheet date. This provision is calculated on the basis of historical facts over repairs and replacements.

**(b) Compensated absences**

The claims over compensated absences are recognised as incurred. The Company recognises the expected cost of short-term employee benefits in the form of compensated absences based on their unused entitlement at the balance sheet date.

**(c) Loss-making contracts**

The Company recognizes a provision with an immediate charge to the income statement for long-term service contracts when the expected revenues are lower than the unavoidable expenses which are estimated to arise in order that the contract commitments are met.

**Revenue recognition**

Revenue comprises the fair value of the sale of goods and services, net of value-added tax, rebates and discounts and after eliminating sales within the Company. Revenue is recognised as follows:

**(a) Sales of goods**

Sales of goods are recognized when the Company has delivered products to the customer; the customer has accepted the products; and collectibility of the related receivables is reasonably assured.

**(b) Sales of services**

Sales of services are recognized in the accounting period in which the services are rendered, by reference to the stage of completion of the specific service. The stage of completion is assessed on the basis of the costs of the

actual services provided until the balance sheet date as a proportion of the costs of the total estimated services to be provided under each contract. Costs of services are recognized in the period incurred. When the services to be provided under a contract cannot be reliably estimated, revenue is recognized only to the extent of costs incurred that are possibly recoverable.

### (c) Interest income

Interest income is recognized on a time-proportion basis using the effective interest method. When a receivable is impaired, the Company reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at original effective interest rate. Subsequently, interest is recognized on the impaired value.

### Expenses

The expenses are recognized in the results on an accrued basis

### Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

### Roundings

Differences between amounts presented in the financial statements and corresponding amounts in the notes result from rounding differences.

## 3. Financial risk management

### Financial risk factors

Intracom Defense is exposed to a variety of financial risks, including market risk (the effects of changes in foreign currency exchange rates, interest rates and debt and equity market prices), credit risk, liquidity risk and cash flow and fair value interest rate risk. The Company's risk management operates under the guidelines set by the overall risk management programme of Intracom Holdings which focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group as a whole.

The financial liabilities of the Company (apart from trade payables) include short-term bank loans and finance lease agreements, through which the Company finances its working capital and capital expenditure needs. Moreover, the Company manages financial assets, mainly short-term bank deposits arising from operating activities.

At the end of the current period there are no open positions in derivatives. In any case, such instruments are used exclusively for the hedging of interest or exchange rate risk, since according to the approved policy by Intracom Holdings Group speculative use is not permitted.

In summary, the financial risks that arise from the above are market risk, credit risk, liquidity risk and interest rate risk which are analyzed below.

**(a) Market risk**

Foreign exchange risk

The foreign exchange risk of the Company is limited, since for most of the foreign currency receivables, there are corresponding payables in the same currency. Almost all foreign currency contracts for both assets and liabilities are denominated in USD.

In cases where natural hedge is not adequate due to large amounts of foreign currency payables, the Company may convert part of the borrowings to that currency or may use forward currency contracts.

The Company's policy is to maintain a minimum amount of cash in foreign currency, to meet short-term liabilities in that currency.

The following table presents the sensitivity of the Company's net profit in possible fluctuations of the foreign exchange rates for the years 2007 and 2008. This analysis takes into consideration borrowings and cash and cash equivalents of the Company, as well as trade receivables and payables in USD as at 31st December 2008 and 2007 respectively.

<b>Increase in EUR/USD rate by</b>	<b>Effect on net profit 31/12/2008</b>	<b>Effect on net profit 31/12/2007</b>
-12,00%	(389)	(476)
-9,00%	(292)	(357)
-6,00%	(194)	(238)
-3,00%	(97)	(119)
3,00%	97	119
6,00%	194	238
9,00%	292	357
12,00%	389	476

Price risk

The Entity has no exposure to price risk.

**(b) Credit risk**

The sales transactions of the Company are made to private companies and public sector organisations with an appropriate credit history, with which in many cases there is a long standing relationship. In cases that vendor financing to an overseas customer is required, the Company insures its credit risk via the Export Credit Insurance Organisation (ECIO). As a result, the risk of doubtful debts is considered limited.

Regarding credit risk related to cash deposits, the Company collaborates only with financial institutions of high credit rating, while at the same time no financial institution has more than 15% of the managed assets.

**(c) Liquidity risk**

Liquidity risk is kept low, by maintaining sufficient cash and unused credit facilities.

**(d) Cash flow and fair value interest rate risk**

The interest-rate risk arises mainly from the fact that almost all of the Company's borrowings carry floating interest rates. The Company assesses that during the current period, interest rate risk is limited since it is expected that interest rates will either remain stable or drop in the medium-term.

The following tables present the sensitivity of the Company's net profit in possible fluctuations of the interest rates for the years 2008 and 2007. The analysis takes into consideration borrowings and cash and cash equivalents of the Company as at 31<sup>st</sup> December 2008 and 2007 respectively.

**Financial instruments in Euro**

<b>Change in interest rates (Base Units)</b>	<b>Effect on net profit 31/12/2008</b>	<b>Effect on net profit 31/12/2007</b>
-100	(74)	(55)

-25	(6)	(8)
25	6	8
50	12	15
75	17	23
100	23	31

**Capital risk management**

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern and to maintain an optimal structure to reduce the cost of capital.

Company's capital is concerned sufficient on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital employed. Net debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the balance sheet) less cash and cash equivalents. Total capital employed is calculated as 'equity attributable to the Company's equity holders' as shown in the balance sheet plus net debt.

	<b>31/12/2008</b>	<b>39.447</b>
Total borrowings (note 13)	2.000	2.102
Less: Cash and cash equivalents (note 10)	(9.293)	(10.438)
<b>Net debt</b>	<b>(7.293)</b>	<b>(8.337)</b>
Total equity	84.390	83.042
<b>Total capital employed</b>	<b>77.097</b>	<b>74.705</b>

#### **Fair value estimation**

The nominal values less any estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities is estimated by discounting the future contractual cash flows at the current market interest rate available to the Company for similar financial instruments.

#### **4. Critical accounting estimates and judgements**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

- The Company is subject to income tax in Greece. Significant judgment is required in determining the provision for income tax. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.
- Management estimates the related provision for future warranty claims based on historical warranty claim information, as well as recent trends that might suggest that past cost information may differ from future claims.

#### **5. Segment Information – Geographical Segments**

The Company's home-country is Greece. The geographical areas the company operates are Greece, countries in European Union, rest of Europe and rest of the world.

The sales breakdown to the geographical areas is according to the customer's home-country.

The sales breakdown per geographical areas for the year ended 31 December 2008 were as follows:

	<b>1/1 - 31/12/2008</b>	<b>1/1 - 31/12/2007</b>
Local sales	21.927	27.066
Sales to European Union	29.203	40.628
Sales to other European countries	189	2
Sales to other countries	13.985	11.590
<b>Total</b>	<b>65.303</b>	<b>79.285</b>

## 6. Property, plant and equipment

## 8. Investment property

### Cost

<b>Balance at 1 January 2007</b>	12.632
Transfer to property, plant and equipment (note 5)	<u>(1.849)</u>
<b>Balance at 31 December 2007</b>	<b><u>10.783</u></b>

<b>Balance at 1 January 2008</b>	10.783
Transfer to property, plant and equipment (note 5)	<u>(177)</u>
<b>Balance at 31 December 2008</b>	<b><u>10.606</u></b>

### Accumulated depreciation

<b>Balance at 1 January 2007</b>	643
Transfer to property, plant and equipment (note 5)	(88)
Depreciation charge	<u>88</u>
<b>Balance at 31 December 2007</b>	<b><u>643</u></b>

<b>Balance at 1 January 2008</b>	643
Transfer to property, plant and equipment (note 5)	(37)
Depreciation charge	<u>85</u>
<b>Balance at 31 December 2008</b>	<b><u>692</u></b>

<b>Net book amount at 31 December 2007</b>	<b><u>10.140</u></b>
<b>Net book amount at 31 December 2008</b>	<b><u>9.914</u></b>

Rental income for 2008 and 2007 amounted to € 353 and € 454 respectively (note 21).

**9. Trade and other receivables**

	31/12/2008	31/12/2007
Trade receivables	15.464	21.034
Less: provision for impairment	-	-
<b>Trade receivables - net</b>	<b>15.464</b>	<b>21.034</b>
Prepayments to creditors	279	1.409
Receivables from related parties (note 28)	52	92
Other prepayments	507	1.621
Accrued income	93	47
Other receivables	1.691	2.032
<b>Total</b>	<b>18.086</b>	<b>26.235</b>
Non-current assets	54	54
Current assets	18.032	26.180
	<b>18.086</b>	<b>26.235</b>

The fair value of receivables approximates their carrying amounts.

The analysis of trade receivables at the end of each year is as follows:

	31/12/2008	31/12/2007
Not past due and not impaired at the balance sheet date	9.161	14.162
Impaired at the balance sheet date	-	-
Not impaired at the balance sheet date but past due in the following periods:		
< 90 days	2.555	1.775
90-180 days	1.798	2.402
180-270 days	655	1.205
270-365 days	5	4
1- 2 yrs	1	43
>2 yrs	1.289	1.442
	6.303	6.872
<b>Total</b>	<b>15.464</b>	<b>21.034</b>

As most of the receivables relates to a small number of customers, there is a concentration of credit risk. These customers, however, amongst which is the Greek State, are customers of high credit quality.

Trade and other receivables are denominated in the following currencies:

	31/12/2008	31/12/2007
Euro	16.752	23.612
US dollar	1.316	2.616
Other	18	6
	<b>18.086</b>	<b>26.235</b>

## 10. Inventories

	31/12/2008	31/12/2007
Raw & auxiliary materials	18.281	22.532
Semi-finished goods	9.051	7.705
Finished goods	3.980	6.520
Work in progress	1.998	871
Merchandise	10	117
<b>Total</b>	<b>33.322</b>	<b>37.745</b>

### Less: Provisions for obsolete inventories

Raw & auxiliary materials	559	645
Semi-finished goods	255	151
Finished goods	6	2
	<b>820</b>	<b>798</b>
<b>Net realisable value</b>	<b>32.502</b>	<b>36.947</b>

	31/12/2008	31/12/2007
<b>At the beginning of the year</b>	798	484
Provision for impairment	361	314
Amount of provision reversed during the year	(339)	0
<b>At the year end</b>	<b>820</b>	<b>798</b>

## 11. Cash and cash equivalents

	31/12/2008	31/12/2007
Cash at bank and in hand	648	413
Short-term bank deposits	8.645	10.025
<b>Total</b>	<b>9.293</b>	<b>10.438</b>

The effective interest rate on short-term bank deposits in Euro and USD was 4,5% and 1,52% respectively (2007: 3,79% and 5,12% respectively).

The above amounts are the cash and cash equivalents for the purposes of the cash flow statement.

Cash and cash equivalents are analysed in the following currencies:

	<b>31/12/2008</b>	<b>31/12/2007</b>
Euro	499	388
US Dollar	2.293	3.048
Japanese Yen	6.500	7.000
Other	1	2
	<b>9.293</b>	<b>10.438</b>

The Company's bank deposits in JPY have fixed exchange rate/fixed return, and as a result there is no exposure to risk from JPY exchange rate changes.

## 12. Share capital

	<b>Number of ordinary shares</b>	<b>Share capital</b>
Balance at 1 January 2007, 31 December 2007 and 31 December 2008	<b>23.103.305</b>	<b>67.924</b>

As at 31 December 2008 the share capital of the Company was divided into 23.103.305 shares with nominal value € 2,94 each.

## 13. Reserves

	<b>Statutory reserves</b>	<b>Extraordinary reserves</b>	<b>Tax free reserves</b>	<b>Total</b>
<b>Balance at 1 January 2007</b>	86	-	9.128	9.213
Transfer to retained earnings	150	341	(525)	(34)
<b>Balance at 31 December 2007</b>	<b>236</b>	<b>341</b>	<b>8.603</b>	<b>9.180</b>
<b>Balance at 1 January 2008</b>	236	341	8.603	9.180
Transfer from retained earnings	140	-	210	350
<b>Balance at 31 December 2008</b>	<b>376</b>	<b>341</b>	<b>8.813</b>	<b>9.529</b>

### (a) Statutory reserve

A legal reserve is created under the provisions of Greek law (Law 2190/20, articles 44 and 45) according to which, an amount of at least 5% of the profit (after tax) for the year must be transferred to the reserve until it reaches one third of the paid share capital. The legal reserve can only be used, after approval of the Annual

General meeting of the shareholders, to offset accumulated losses and therefore cannot be used for any other purpose.

**(b) Tax free reserve**

This account includes reserves created from profits, which were used for the acquisition of new fixed assets employed in the production process and are therefore regarded as tax-free under special provisions of development laws in force each time. In other words, this reserve is created from profits for which no tax is calculated or paid.

**14. Borrowings**

	31/12/2008	31/12/2007
<b>Current borrowings</b>		
Bank loans	2.000	2.000
Finance lease liabilities	-	102
<b>Total current borrowings</b>	<b>2.000</b>	<b>2.102</b>

The weighted average interest rate for the Company's borrowings for 2008 was around 4,67% (2007: 5,54%).

Total borrowings are denominated in Euro.

The bank loans have been guaranteed by the parent company, Intracom Holdings.

**Finance lease liabilities**

	31/12/2008	31/12/2007
<b>Finance lease liabilities- minimum lease payments</b>		
Not later than 1 year	-	103
Between 2 and 5 years	-	-
<b>Total</b>	<b>-</b>	<b>103</b>
Less: Future finance charges on finance leases	-	(1)
<b>Present value of finance lease liabilities</b>	<b>-</b>	<b>102</b>

**15. Deferred income tax**

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes relate to the same fiscal authority. The offset amounts are as follows:

	31/12/2008	31/12/2007
<b>Deferred tax assets:</b>		
To be recovered after more than 12 months	1.190	571
To be recovered within 12 months	21	195
	<b>1.212</b>	<b>765</b>

<b>Deferred tax liabilities</b>		
To be settled after more than 12 months	(1.157)	(1.109)
To be settled within 12 months	(88)	(141)
	<b>(1.245)</b>	<b>(1.250)</b>
	<b>(33)</b>	<b>(484)</b>

The total movement in deferred tax is as follows:

	31/12/2008	31/12/2007
<b>Balance at the beginning of the year</b>	(484)	(487)
Credited to the income statement (note 24)	451	3
<b>Balance at the end of the year</b>	<b>(33)</b>	<b>(484)</b>

The movement in deferred tax assets and liabilities during the year, without taking into consideration the offsetting of balances within the same jurisdictions, is as follows:

**Deferred tax assets:**

	Provision for obsolete inventories	Other provisions	Accrued expenses	Other	Total
<b>Balance at 1 January 2007</b>	121	298	219	195	832
(Charged) / credited to the income statement	78	170	(170)	(145)	(67)
<b>Balance at 31 December 2007</b>	<b>200</b>	<b>468</b>	<b>49</b>	<b>50</b>	<b>765</b>
<b>Balance at 1 January 2008</b>	200	468	49	50	765
(Charged) / credited to the income statement	6	81	(46)	405	446
<b>Balance at 31 December 2008</b>	<b>205</b>	<b>549</b>	<b>3</b>	<b>455</b>	<b>1.212</b>

**Deferred tax liabilities:**

	Accelerated tax depreciation	Provision for bad debts	Other	Total
<b>Balance at 1 January 2007</b>	(1.150)	(73)	(97)	(1.320)
Credited to the income statement	55	-	15	70
<b>Balance at 31 December 2007</b>	<b>(1.095)</b>	<b>(73)</b>	<b>(82)</b>	<b>(1.250)</b>
<b>Balance at 1 January 2008</b>	(1.095)	(73)	(82)	(1.250)
Credited to the income statement	5	-	-	5
<b>Balance at 31 December 2008</b>	<b>(1.090)</b>	<b>(73)</b>	<b>(82)</b>	<b>(1.245)</b>

## 16. Retirement benefit obligations

The amounts recognized in the balance sheet are determined as follows:

	31/12/2008	31/12/2007
Present value of unfunded obligations	1.556	1.485
Unrecognised actuarial losses	(547)	(787)
<b>Liability on the balance sheet</b>	<b>1.009</b>	<b>698</b>

The amounts recognized in the income statement are as follows:

	1/1-31/12/2008	1/1-31/12/2007
Current service cost	281	130
Interest cost	75	64
Net actuarial losses recognised during the year	97	136
Curtailments	854	152
<b>Total, included in staff costs (note 20)</b>	<b>1.307</b>	<b>482</b>

	31/12/2008	31/12/2007
<b>Balance at the beginning of the year</b>	<b>698</b>	<b>404</b>
Total expense charged in the income statement	1.307	482
Contributions paid	(996)	(188)
<b>Balance at the end of the year</b>	<b>1.009</b>	<b>698</b>

The principal actuarial assumptions used were as follows:

	31/12/2008	31/12/2007
Discount rate	5,60%	4,70%
Future salary increases	4,50%	4,50%

## 17. Provisions

	31/12/2008	31/12/2007
Current liabilities	2.340	440
Non- current liabilities	601	754
<b>Total</b>	<b>2.941</b>	<b>1.194</b>

Analysis of total provisions:

	Warranties	Unused compensated absences	Other	Total
<b>Balance at 1 January 2007</b>	754	32	22	808
Provisions for the year	386	-	-	386
<b>Balance at 31 December 2007</b>	<b>1.140</b>	<b>32</b>	<b>22</b>	<b>1.194</b>
Unused provisions reversed	(286)	-	-	(286)
Provisions for the year	2.033	-	-	2.033
<b>Balance at 31 December 2008</b>	<b>2.887</b>	<b>32</b>	<b>22</b>	<b>2.941</b>

## 18. Trade and other payables

	31/12/2008	31/12/2007
Trade payables	5.113	6.146
Prepayments from customers	15.120	25.669
Amounts due to related parties (note 28)	3.317	7.983
Accrued expenses	395	729
Social security and other taxes	1.306	1.315
Other liabilities	144	1
<b>Total</b>	<b>25.395</b>	<b>41.843</b>

Trade and other payables are denominated in the following currencies:

	31/12/2008	31/12/2007
Euro	18.545	32.195
US Dollar	6.849	9.635
Other	2	13
	<b>25.395</b>	<b>41.843</b>

The average credit payment terms of the Company's liabilities are 90 days.

**19. Sales by nature**

	<b>1/1 - 31/12/2008</b>	<b>1/1 - 31/12/2007</b>
Sales of goods	931	248
Sales of products	52.989	65.657
Revenue from services	11.383	13.380
<b>Total</b>	<b>65.303</b>	<b>79.285</b>
	<b>1/1 - 31/12/2008</b>	<b>1/1 - 31/12/2007</b>
Local sales	21.927	27.066
Sales to European Union	29.203	40.628
Sales to other European countries	189	2
Sales to other countries	13.985	11.590
<b>Total</b>	<b>65.303</b>	<b>79.285</b>

**20. Expenses by nature**

	Note	1/1 - 31/12/2008	1/1 - 31/12/2007
Employee benefit expense	20	19.713	18.680
Inventory cost recognised in cost of goods sold		24.063	30.310
Depreciation of PPE			
-Freehold property	5	2.029	1.936
-Leasehold property	5	20	81

Amortisation of intangible assets	6	356	1.106
Impairment of inventories		361	314
Repairs and maintenance		808	581
Operating lease payments			
-Vehicles and machinery		206	199
-Furniture and other equipment		1	-
Advertising costs		413	368
Telecommunication, lighting & heating		956	1.000
Taxes and duties		733	948
Transportation		655	678
Subcontractors' fees		5.949	16.153
Other		6.381	3.381
<b>Total</b>		<b>62.729</b>	<b>75.821</b>
Split by function:			
Cost of goods sold		45.158	58.344
Selling costs		11.853	11.003
Administrative expenses		5.718	6.474
		<b>62.729</b>	<b>75.821</b>
Split of depreciation and amortisation by function:			
Cost of goods sold		1.513	1.410
Selling costs		680	1.527
Administrative expenses		297	274
		<b>2.490</b>	<b>3.211</b>

## 21. Employee benefits

	1/1 - 31/12/2008	1/1 - 31/12/2007
Wages and salaries	14.448	14.315
Social security costs	3.516	3.524
Other employers' contributions and expenses	442	358
Pension costs - defined benefit plans (note 15)	1.307	482
<b>Total</b>	<b>19.713</b>	<b>18.680</b>

The total number of employees as at 31/12/2008 was 520 (2007: 525).

## 22. Other operating income

	1/1 - 31/12/2008	1/1 - 31/12/2007
Rental income	353	454
Grants	30	15
Other	126	105
<b>Total</b>	<b>509</b>	<b>575</b>

## 23. Other gains/ (losses) –net

	1/1 - 31/12/2008	1/1 - 31/12/2007
Loss on sale of PPE	(4)	-
Net gains/ (losses) from exchange differences	(20)	72
Other gains	12	180
<b>Total</b>	<b>(12)</b>	<b>252</b>

**24. Finance costs – net**

	1/1 - 31/12/2008	1/1 - 31/12/2007
<b>Interest expense</b>		
- Bank borrowings	118	633
- Finance leases	(4)	19
- Other	186	258
Net losses from exchange differences	(550)	55
	<u>(250)</u>	<u>965</u>
<b>Interest income</b>		
Interest income from banks	(85)	(227)
<b>Total</b>	<u>(334)</u>	<u>738</u>

**25. Income tax expense**

	1/1 - 31/12/2008	1/1 - 31/12/2007
Current tax	809	1.007
Deffered tax (note 14)	(451)	(3)
<b>Total</b>	<u>358</u>	<u>1.004</u>

The income tax rate for the years 2008 and 2007 was 25%. The tax on the Company's profit before tax differs from the theoretical amount that would arise using the weighted average tax rate applicable to profits of the entity, as follows:

	1/1 - 31/12/2008	1/1 - 31/12/2007
<b>Profit before tax</b>	<u>3.406</u>	<u>3.553</u>
Tax calculated at tax rates applicable to Greece (2008:25%, 2007:25%)	851	888
Income not subject to tax	-	-
Expenses not deductible for tax purposes	(504)	(68)
Effect of change in tax rates	-	-
Other taxes (L.3614/07, article 47 )	11	184
	<u>358</u>	<u>1.004</u>

During the year 2008 the company settled the open tax years 2002-2006. The outcome tax had been included in the respectively years provisions.

Based on a new tax law enacted in 2008, the tax rates for the years 2010 until 2014 are 24%, 23%, 22%, 21% and 20% respectively.

## 26. Cash generated from operations

	Note	1/1 - 31/12/2008	1/1 - 31/12/2007
<b>Profit for the year</b>		3.048	2.550
Adjustments for:			
Tax	24	358	1.004
Depreciation of PPE	5	2.049	2.017
Amortisation of intangible assets	6	356	1.106
Depreciation of investment property	7	85	88
Loss on sale of PPE		4	-
Interest income	23	(85)	(227)
Interest expense	23	(250)	965
		<b>5.567</b>	<b>7.502</b>
<b>Changes in working capital</b>			
Inventories		4.445	1.559
Trade and other receivables		8.149	9.782
Trade and other payables		(14.747)	(3.847)
Provisions for other liabilities and charges		1.747	386
Retirement benefit obligations		311	294
		<b>(96)</b>	<b>8.175</b>
<b>Cash generated from operations</b>		<b>5.471</b>	<b>15.677</b>

## 27. Commitments

### Capital commitments

There are no capital commitments contracted for, but not yet incurred, by the balance sheet date.

### Operating lease commitments

The future aggregate minimum lease payments under operating leases of the Company are as follows:

	31/12/2008	31/12/2007
No later than 1 year	147	73
Later than 1 year and no later than 5 years	346	48
	<b>493</b>	<b>121</b>

The lease payments relate to rentals of motor vehicles.

## 28. Contingent liabilities

The Company has contingent liabilities in respect of banks and other matters arising in the ordinary course of business as follows:

	31/12/2008	31/12/2007
Guarantees for advance payments	11.006	18.746
Guarantees for good performance	8.146	9.517
Guarantees for participation in contests	323	977
	<b>19.474</b>	<b>29.241</b>

## 29. Related party transactions

The following transactions are carried out with related parties:

	1/1 - 31/12/2008	1/1 - 31/12/2007
<b>Sales of goods / services:</b>		
To other related parties	<b>985</b>	<b>1.233</b>
<b>Purchases of goods / services:</b>		
From parent company	1.370	3.392
From other related parties	4.163	8.496
	<b>5.533</b>	<b>11.888</b>
<b>Rental income:</b>		
From other related parties	<b>337</b>	<b>426</b>
<b>Purchases of fixed assets:</b>		
From parent company	1.497	9
From other related parties	96	76
	<b>1.593</b>	<b>85</b>

Services from and to related parties, as well as sales and purchases of goods take place on the basis of the price lists in force with non-related parties. Other related parties are companies within the Intracom Holdings Group, as well as companies in which the major shareholder of Intracom Holdings Group holds an interest share.

Year-end balances arising from transactions with related parties are as follows:

	31/12/2008	31/12/2007
<b>Receivables from related parties:</b>		
From parent company	-	49
From other related parties	52	42
	<u>52</u>	<u>92</u>
<b>Payables to related parties</b>		
To parent company	2.414	5.817
To other related parties	902	2.166
	<u>3.317</u>	<u>7.983</u>

### **Key management compensation**

Total amount of € 971 has been paid by the Company as director's remuneration and key management compensation for the year 2008 (2007: € 1.022).

### **30. Dividends**

The Directors propose a dividend of € 0,0649 per share (totalling € 1.500) for the year 2008. The proposed dividend will be submitted for formal approval at the shareholders' Annual General Meeting. This dividend will be accounted for as an appropriation of retained earnings in the following year.

The Annual General Meeting held on June 26th approved a dividend of € 0,074 per share (totalling € 1.700) for the year 2007. The dividend was paid during 2008. Correspondingly, the dividend of total value € 1.700 for the year 2006 was paid during the year 2008.

### **31. Events after the balance sheet date**

During the preparation of the financial statements, the company was subject of a tax audit (for the financial year 2007), which has not yet been finalized. In case the final level income tax, that will be assessed by the audit, differs from the tax provisions, the difference will impact the income tax of the year 2009.

## Notes and information

 <b>INTRACOM S.A. DEFENSE ELECTRONIC SYSTEMS</b> S.A. LEDGER 48500/04/B/01/232(05) 21 KM MARKOPOULOU AVE., KOROI ATTICA, GR 19400 Concise financial information for the year ended 31 December 2008 (reported under the provisions of L.2190, Art. 135 for companies which prepare annual financial consolidated statements, consolidated or stand alone in accordance with IFRS)
