€ 60,000,000.00

SHORT DESCRIPTION OF THE PROJECT:

EPC will focus on the initial phase of a European innovative, modular, flexible, interoperable, green, multirole vessel, enabling the European navies to face the 21st century challenges.

The project “European Patrol Corvette” (EPC) will focus on conceptual studies up to the initial design, and use as a reference corvette class vessel which can fulfil a wide range of missions in future contexts of operations. The produced design will be modular and flexible, more energy-efficient, greener, safer, more interoperable, and cyber-secured.
